

Are you ready to make a difference?

Our vision: a community where we work together to achieve equity, belonging, health and well-being for all.

At the Grand River CHC, our **volunteer board of directors** ensures we stay true to this vision through:

- Creating a strategic plan for the organization
- Providing advice on policies, programs & services
- Improving quality, service, safety and helping maintain full accreditation
- Reviewing and approving budgets and reports
- Engaging in lively discussion on topics that impact the centre, our clients and the community
-

We're recruiting new board members for terms starting September 2018. To ensure an effective board with many diverse perspectives, we welcome applications from a variety of backgrounds, cultures, ages, life experiences, gender identities/expressions, and skill sets. We offer the opportunity to learn new perspectives, meet new people, and enhance community governance.

To apply, please see our website at grandriverchc.ca or email cinnesolah@grchc.ca by June 14, 2018.

We are grateful for all expressions of interest. Our nominating process will seek to select candidates whose skills and experience fill gaps and complement those of other board members.
