The Registered Dietitian will work as part of an interdisciplinary team to provide nutrition counselling to clients and community members, focusing on evidenced-based and client centred approaches to address individual nutrition needs. The Registered Dietitian will also deliver group health education programs in response to the needs of the clients and community that GRCHC serves.

Qualifications Include:

- Bachelor degree in human nutrition or equivalent from a Dietitians of Canada accredited university program
- Masters degree in nutrition preferred
- Registered member in good standing with the College of Dietitians of Ontario (CDO)
- Minimum 3 years experience in community nutrition and clinical nutrition counselling
- Safe Food Handler's certification, or willingness to obtain
- Solid understanding of adult learning principles
- Knowledge of the social determinants of health and an understanding of how social, economic, environmental and cultural issues can impact nutrition
- Demonstrated ability to respond to clients and situations with flexibility and adaptability
- Experience in developing, facilitating, and evaluating group education sessions/programs
- Experience facilitating cooking programs is an asset
- Knowledge of current clinical nutrition guidelines and experience collaborating with clients with complex health conditions to develop and implement realistic nutrition care plans that meet their needs
- Experience evaluating the effectiveness of a nutrition care plan, including an assessment of barriers/challenges clients may be facing that may impact the care plan, and adjusting the care plan accordingly
- Motivated, self-directed learner who takes initiative and seeks learning opportunities to enhance professional competence in order to continue to provide high quality, evidenced-based client care
- Experience supervising volunteers is an asset
