

## COPD Coordinator Permanent Full-Time

The Certified Respiratory Educator/COPD Coordinator (CRE-C) will provide leadership in the design and delivery of the “Caring for My COPD” community program. The program aims to reduce hospitalizations for persons with Chronic Obstructive Pulmonary Disease (COPD) using principles of chronic disease self-management. The successful candidate will demonstrate a comprehensive theoretical knowledge base and advanced level of clinical competence in caring for clients with COPD.

### Qualifications Include:

- CRE training and certification
- Smoking cessation certificate
- Spirometry training and experience preferred
- Membership in good standing with a regulatory health professional body in Ontario
- Three (3) years of experience in a community health setting; experience working in an acute care setting is an asset

A competitive salary and benefits (including HOOPP) are offered.

### Apply Now

To pursue this opportunity, please send your resume and covering letter to Human Resources, at [resumes@grchc.ca](mailto:resumes@grchc.ca). All applications must be submitted no later than **Oct. 27, 2021**. We appreciate your interest, however, only those invited for an interview will be contacted.
